PREFACE

This selected bibliography lists references for readings on joint, interagency, intergovernmental, and multinational issues. A revised and updated version of our earlier bibliographies on jointness, it focuses on aspects of United States armed forces such as joint operations, joint logistics, interservice rivalry, joint communications, joint training, Goldwater-Nichols, and interservice / interagency / multinational cooperation.

With certain exceptions, the materials cited are dated from 2011 to the present. For older resources, please see *Jointness: A Selected Bibliography*, compiled December 2010. All items are available through the USAWC Library. For your convenience, we have added U.S. Army War College Library call numbers, Internet addresses, or database links at the end of each entry. Web sites were accessed December 2013.

Due to licensing agreements, access to articles in the Library's subscription databases is limited to current USAWC faculty, staff, and students. When off-network, USAWC personnel should use their login and password for remote access. For the Army community stationed elsewhere or deployed, many articles are online in AKO's "My Library" databases. Local libraries are another option.

This bibliography and others compiled by our research librarians are available online through the Library's home page at <http://usawc.libguides.com/bibliographies>.

For additional information, please contact the Research, Instruction, and Access Services Division, U.S. Army War College Library, by sending an e-mail message to USAWC.LibraryR@us.army.mil, or by phoning (717) 245-4260.
